THE PEOPLE'S CANDIDATE.

For Congress,
HON. I. DONNELLY.
Judge 8th Judicial District.
HON. A. G. CHATFIELD.

COUNTY TICKET.

For Representative, 21st Dist.
PETER BARTHEL.

For Auditor,
PETER WEGO.

THE CANTASS.

Hon. Sam. Mayall and Genl. Gorman will address the citizens of Carver, on Friday, October 7th at 7 o'clock p.m.

The Hon. I. Donnelly will address the citizens of Carver County at the following places and at the following time: Tuesday, Oct. 18th Carver & Chaska, Wednesday, Oct. 19th, Waconia. Thursday, Oct. 20th Young America.

COUNTY NOMINATIONS.

We have as yet, said but little in regard to the County ticket placed at the head of our columns. Mr. Wego, the nominee for County Auditor, is well known throughout the county as an honest, able and diligent officer, always at his post, discharging the duties of the position in a most acceptable manner. We believe Mr. Wego will be elected by a large majority. His opponents are Fred Hinck and Jean de Ville.

Mr. Peter Barthel of Chanhassen received the nomination and should be elected. If elected Mr. Barthel will attend most faithfully to the wants of his agricultural constituency. Mr. B. is at present County Commissioner from the 2d district and his experience in that position and others of public trust, will enable him to discharge the duties entrusted upon him most acceptably to the farming interest of the county.

The Railroad interests of the County, will to a great extent enter into the canvass this fall, the Representative elected must pledge himself to use all his power and influence to enforce the construction of the Hastings & Dakota Railroad according to the present charter, through the center of the county. Mr. Barthel is known to be in favor of that policy, while the position of his opponent Mr. Flood is unknown and in much doubt. We look for Mr. B., election.

District Convention.

Republicans of this Judicial District met at Carver last Wednesday and nominated Hon. L. M. Brown, present as their candidate for Judge. A district committee consisting of H. B. Strait, of Shakopee; J. C. Edson, of McLeod; E. R. Smith, of Le Sueur; J. S. Letford, of Carver; and Adam Buck, of Sibley, was elected. And that's all of it.

A Prussian ship was blown to pieces with all on board, in the harbor of Cuxhaven, they being engaged at the time in taking up those dangerous instruments of destruction, torpedoes, from where they had been placed as an obstacle to the French.

The Chicago Post says that Lee, who won Crosby Opera House, has four brothers still living who are in the same business—driving. Three of them, like him, draw houses; one a house-mover, the second as a tragedian, and the third as an architect. The fourth is in the army, and draws his sword and his rations.

The Russian Minister, now visiting the Eastern States says the Russian Prince Imperial contemplates a visit to the United States next spring.

Detroit has just named one of its streets "Napoleon," and the curious fact has been discovered that two thirds of the people living on the street are Germans.

FOREIGN NEWS.

LONDON, Oct. 3.—The French papers have resolved to say nothing about the Prussian movement on Orleans, hence the movements of the enemy in that direction are unknown.

Gen. Ulrich, having reported at Tours, has joined his wife at Basle.

Admiral Falcon has resigned the portfolio of war, but remains in the cabinet as minister of the navy.

Jules Favre having asked Count Bismarck, in the name of the diplomatic body, for permission to send a weekly courier from Paris, and to have notice when the bombardment will commence, received an answer from that court refusing the latter request, on the ground that it was an unauthorized proceeding, but conceding the former one, in case the contents of the dispatches for the war department are unobjectionable. Bismarck, however, questions the propriety of conducting diplomatic negotiations from the heart of a beleaguered city.

The latter's idea is obviously, that the neutral powers have remained their representatives to Tours.

Advices from Paris state that a decree relieves the government from the care of the chateau de Sisay and La Bourg. The Prussians have thrown up works at Dugny.

LONDON, Oct. 3.—Another account from Paris says the French in the engagement of Sept. 30, had 1,200 killed and wounded. Among the wounded was Gen. Guillaum, 300 prisoners were also taken.

The French forts were almost silent on Saturday and Sunday.

BERLIN, Oct. 3.—Bismarck issues a circular to the Prussian resident ministers abroad. He insists that the conditions of the proposed armistice were moderate. The French, he says, declined them, together with the offered opportunity of free elections to the constituent assembly in the departments held by the Prussians, which the latter believes, would have favored a peace.

The North German Gazette, in announcing that heavy shipments of breadstuffs had been made from America to the French, has said: "On Sept. 18th a steamer brought 23 field cannon and 1,000 rifles and cartridges for the French a my.

A pacific movement has been commenced for the adhesion of Wurtemburg to North Germany.

LONDON, Oct. 4.—The Prussian army ordered that no Prussian prisoners are to be taken because they help to consume the store of food in Paris. Prussian soldiers have also been directed to make no prisoners.

All villages around Metz have been destroyed by the late bombardment.

Navigations of the Baltic will, doubtless, be safe before the German embers start from America can arrive.

LONDON, Oct. 4.—The manifesto purporting to be from the Emperor was not written by the Emperor at Wilhelmshafen, on the 23d ult., and published here to-day in the situation is unquestionably bogus.

Paris letters received to-day say the Prussians threaten Point du Jour. The bombardment of the city from the west is being imminent, the books of great libraries have been removed to Ulars All windows have been filled with bags of earth, and watchmen have been stationed on the Tower of Venceaux to look out for fires.

TOUL, Oct. 4.—Many corps, mobiles and sharpshooters are arriving at Toul, to receive the chassepot guns, the government here having a large supply.

TOURS, Oct. 4.—An encounter recently occurred between a French reconnoitering party and the enemy at Noch's farm north of Paris—no result given.

Commanders of Fort Montrouge and De Iory on the south of Paris report on the 28th large masses of Prussians were passing to the west toward Versailles on the same day. No Prussians were visible from the Tower of Venceaux. There are 1,500 Prussians at Pethiviers.

Advices having been received stating the Prussians are concentrating at Toul for a movement on Lyons, energetic measures are accordingly being taken to defend the city.

TOURS, Oct. 4.—Advices from compaigne announce that the Prussians have entirely stripped the chateau at Thomery. The Prussians have immense quantity of forage, obtained by requisitions upon the surrounding country.

An assurance comes from Marseilles that matters there are becoming quite settled. M. Lourier, delegate of the minister of the interior, has sent a letter to the prefects of departments in reference to the election, in which he says that as regards the vote for members of the constituent assembly, what the government desires above all else is perfect freedom in the exercise of the electoral franchise.

FISHING EXCURSION.—We accom-

panied the Chaska Fishing Club, on an excursion to Lake Minnetonka last Saturday, and as a matter of course, had a jolly good time. A lively company, plenty of fish, lots of fun—who couldn't enjoy such a bill of fare. We vote the Chaska fishing club a grand institution.

Poetry.

NEW POEM BY WHITTIER.

The following poem appears in the Boston Transcript. It was sent to a recent social meeting by Mr. Whittier, who is now at the late of Shadwell.

From these wild rocks I look to-day
Of scenes of dancing waves, and see
The sky above me, and the sea
And mark the spot where you must be.

I listen, and I seem to hear
The pleasant voices of old days,
The song of the river, the song of the bairns,
The rippling river's song of traffic.

Dear friend! I send you what I can,
I best across the swelling tide.

All that I have, and all that I can,
Could give if sitting by your side.

I thank you for a sweetest day,
For tender memories lingering long,
For joy of the past, and for the present,
And of your ways strong.

Not vainly has your work been done;
For many a heart e cold and dim
These words have brought a ray of light,
And wakened and set the brain.

Friends! whose lives still keep their prime,
Whose bright example wakes and cheers,
Yield me your hand, and let us go
And set to all my life's year.

Make room, O river of our home,
For me, and for the summer to come,
Lapse softly by the Poet of Flowers,
Until the day is over, and we'll call on
you. Where are you putting up?

"Aye, that's a question I was going to ask," said he of the freckles. "I was close to you, so to speak, — a clergyman — some time this last lawyer's office, and my uncle, and the end of my journey at one before me."

"Going to stop?" I said, hesitating. "Oh, what of friends? I have a place to go to."

"Nay," said I, "I don't suppose they will."

"Then I tell you what's on, and then I'll go to bed."

"I'm afraid you'll be a sharpie, then," said he, "but I'll go to bed."

Romance About Eugenie.

Correspondence of the 23rd century. In 1851 this noble of the water resided as American Minister at Paris, with a large family around him. At this time appeared in society there, Eugenie Marie de Guise, a Countess, a very lovely person and an aristocratic name seeming to hint conquests in that country, and constituting her one of the most famous ladies in Paris. It was thought, and indeed very natural, that her mother was more ambitious than herself, and had her daughter signed for her some great alliance, while Eugenie herself appeared a model of simple sincerity, a girl who would consider her home and any matrimonial affair. Her sister had just married the Duke of Alba and Burwick, a lineal descendant of James II. of England, and the brother, Don Martin, had been destined at an early age for matrimonial destiny for the more beautiful of her daughters. But the heart is not always to be controlled, even in the most aristocratic life, or to yield to its exertions or attractions. Eugenie had herself in a fine-looking, blithe Virginian, young William C. Rives, son of the American Minister. They were engaged to be married, but Aunt Judy Rivers, a Virginian, the daughter of one of the Musciano Burns and Scalds, Frost Bites, Painful Nervous Afections, Chapped Hands, Lamé Back, Pains in the Side, Swellings, Tumors, Tooth Aches, Old Sores, Hemorrhoids or Fissiles, Flesh Wounds, Galls of all Kinds,

CHASEA THURSDAY Oct. 27 1870.

BE PEOPLE'S CANDIDATE.

For Congress,
HON. L. DONNELLY.

Judge 8th Judicial District,
HON. A. G. CHATFIELD.

COUNTY TICKET.

For Representative, 21st Dist.
PETER BARTHEL.

For Auditor,
PETER WEEGO.

The Prospects.

From all parts of this Congressional district comes the cheering news that people, without distinction of party giving their hearty support to Hon. L. Donnelly the People's Independent candidate for Congress.

The over burdened tax payers of this district begin to understand that they hope for them white in the hands of political tricksters who now manage affairs, dictate the platforms and nominate the candidates for the republican voters to support. Thousands of republicans of this district have determined that they will not bow the knee to the most corrupt and contemptible that ever cursed any party or country.

They have asked Mr. Donnelly run independent and he consented to be their standard bearer—he leads the column of the people who are burdened by high tariffs, and who have only sought relief within the ranks, at the hands of the republican leaders.

The democratic party feeling a man's interest with Mr. Donnelly's in their effort to throw off the burdens of taxation imposed upon by the new England monopolists, and a vile western tools, have declined put a candidate for Congress in the 21st in this district and will support Mr. Donnelly who is bound to be elected in the 8th day of next November, by least five thousand majority. The people will then speak in language that can only be understood by the "will."

Players see it that you are at the last election day, and vote for a man who will represent your interest.

The Stumpage Shambles.

on the Taylor's Falls Republican.

A stumpage sale was held at the State Auditor's office, in St. Paul, on Monday last for school and university lands, Hennepin and St. Croix rivers. The sale is advertised by a brief notice in an obscure corner of a St. Paul paper, where probably not a dozen lumbermen saw it.

He parties mostly interested in this sale, and read their local papers, and in those papers the advertisement sale should have been published, that we notice might be given. As it was, no parties in the ring seemed to care what they wanted without competition, and the state was the loser, as also were the lumbermen who desired to secure stumps, but were unaware of date of sale.

How beautiful these little things are worked.

Garibaldi's Appeal to America.

NEW YORK, Oct. 14.—The Herald's special records an interview with Garibaldi, who said he made his escape from Capri in a fish smack, accompanied by his friend, Colonel Baldini. He asked many questions in reference to the merits of the Whitworth, Snyder and Enfield rifles, with a view to finding which was considered the best. After expressing a determination to remain with the French to the last, he added, earnestly:

"Why will not the great American Republic, the glory and admiration of all our people, send material aid to the gallant struggling republic of France, and Spain anxiously await one day's arrival from America, to cast off forever their detested chains?"

It is well known that the leaders of the convention that adopted the above resolution were out-and-out Windom men, but cowardly refused to instruct their nominees for the Legislature to support that gentleman for the U. S. Senate. They dare not risk such an effort, for the reason that there was a want of harmony in their ranks upon that point.

The opposition to Windom among the rank and file—men who do not handle that gentleman's stamp—was known to be very strong, because these trickery leaders dare do nothing more for their master than to commit their nominees to him, provided he was the choice of the legislative caucus. This is a sneaking, cowardly exhibition of their faith in their favorite.

Carver County Teachers Institute.

Monday's session. Reported by Mr. Mix.

Through business was unable to arrive in time to hear only a few opening remarks by State Sup't. Wilson. What we did hear convinced us that we were to have a good time at the Institute.

Prof. Niles then gave an exercise in the oral elements. Spelling he sound, articulation, elocution, &c., which was highly instructive to those who are unable to account of their nationality to distinctly articulate the English elements.

After a short recess Sup't. Wilson gave us a very decided practical drill as introductory to the study of arithmetic.

Many of us have felt that we were weighed in the balance and found wanting.

PERSONAL.—H. B. Wilson, State Superintendent of schools, was in town during the week in attendance upon the Institute now in session. He made us a call on Monday.

Sanford Niles, the able and practical County Sup't. of Olmsted Co., is instructors at the Institute.

M. L. Strenkens, of Benton, made a pleasant call on Tuesday.

J. A. Trumbull, the gentlemanly spec-

ial agent of the Fire & Marine Ins.

Company, of St. Paul visited Chaska on Tuesday business connected with his agency.

W. W. Payne, the genial and able editor of the "Minnesota Teacher," was in our village this week, and officiated as one of the instructors at the Institute.

A. E. Clark, the general agent of the Charter Oak Life Insurance Co., made a short call on Wednesday.

Mr. J. W. Murray, of Chanhassen called on us on Wednesday.

Many valuable horses die from the effects of colic. The best thing to do in a case of this kind, is to pour a bottle of Johnson's Anodyne Liniment into a long necked junk bottle, add half pint of molasses and water, then pour the whole down the horse's throat. In ten minutes the horse will begin to eat.

Parson's Purifying Pills will greatly relieve if not entirely cure, dyspepsia, when everything else fails. They have been tried in some desperate cases, and have given more relief than any other medicine.

Horses and Cattle cured by Equine Remedies.

For wounds and galls use Equine Ointment.

Equine Powders for diseased Cattle.

For Sick Horses use Equine Powder.

For Spavins use Equine Liniment.

The virtuous Forney is already on hand with a candidate for the position of chairman of Committee of Ways and means in the Forty-second Congress. Pigeon Kelley, is Forney's choice.

The American Positivists, at their meeting in this city yesterday afternoon, passed resolutions protesting against the war in Europe, denouncing King William as an Attila, pronouncing Paris to be the Mecca of all who worship the fair humanities, and proclaiming every gun facing Paris to day, as aimed at every heart of the civilization of our age.

The resolutions also rebuke the Christians for their indifference to the causeless, objectless and ruthless prosecution of the war by the Prussians.

A cowardly Resolution,

From Chaffield Democrat.

The Republic of Fillmore county,

at their late convention adopted the following resolution:

Resolved, That, if the causes be held

by the Republican members of our Senate and House of Representatives for United States Senator at the next meeting of our Legislature, the members from this county are requested to abide the result of each cause.

It is well known that the leaders of the convention that adopted the above resolution were out-and-out Windom men,

but cowardly refused to instruct their nominees for the Legislature to support that gentleman for the U. S. Senate.

They dare not risk such an effort,

for the reason that there was a want of harmony in their ranks upon that point.
